Dr. Thoburn,

Please note the reasons given by Mr. John Krauser, in a phone call, for continuing abuse of persons with sensitivities by your members. The reason he gave, in 1991, was that doctors do not understand the consequences of what they are doing.

I send the attached letter to remind you that we have previously gone over this ground, and to perhaps increase your understanding of why it is we feel the OMA is not dealing with this issue in good faith.

When I wrote to the OMR, they published my letter, dropping the section describing the consequences of what doctors are doing (without my permission after agreeing not to change the letter without my permission).

May I mention the ignorance and abusiveness of your editorial assistant while discussing this issue, then and now.
